PROFILE

Passionate and results-driven MERN stack developer with experience in building and maintaining web applications. Skilled in MongoDB, Express, React, and Node.js, understanding of front-end and back-end development.

EDUCATION

BS Computer Science   **2020-2024**

Uninversity Of Sargodha   Sargodha

WORK EXPERIENCE

JUNIOR WEB DEVELOPER , MicroStarX   **Aug 2024 - Present**

- Collaborated with senior developers to build, test, and maintain web applications using the MERN stack (MongoDB, Express, React, Node.js).
- Assisted in debugging and troubleshooting frontend and backend issues, ensuring smooth functionality across the application.
- Wrote and maintained clean, efficient code, adhering to coding standards and focusing on performance and security improvements.

Internship , Iffa Tech   **June 2024 - Aug 2024**

- Assisted in developing web applications using the MERN stack (MongoDB, Express, React, Node.js).
- Designed user interfaces and interactive components using React.
- Built RESTful APIs with Express.js and integrated MongoDB for data management.
- Collaborated on code reviews, bug fixes, and feature enhancements.
- Conducted testing and debugging for seamless front-end and back-end integration.
- Utilized Git for version control and Postman for API testing.

PROJECTS

E-commerce │ Link

Built a dynamic e-commerce website using the MERN stack with secure authentication, product management, and online payment integration. Enhanced user experience with category-based navigation, search functionality, and an intuitive checkout process

Doctor Appointment Booking

Created a full-stack online appointment booking website with secure authentication, payment integration, and an intuitive dashboard for managing bookings
